L2.05-5 INSTRUCTIONS TO OFFERORS - COMMERCIAL ITEMS (PC&S) (DESC AUG 1998)

(a) **AMENDMENTS TO SOLICITATIONS.** If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(b) **SUBMISSION, MODIFICATION, REVISION, AND WITHDRAWAL OF OFFERS.**

(1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, signed and dated offers and modifications thereto shall be submitted in paper media in sealed envelopes or packages (i) addressed to the office specified in the solicitation, and (ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror at or before the exact time specified in this solicitation. - (iv) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (v) Terms of any express warranty;
- (vi) Price and any discount terms; and
- (vii) A completed copy of the representations and certifications in the Offeror Submission Package.

(3) **IFBs ONLY.**

- (i) Facsimile bids are authorized for this solicitation.
- (ii) **EVALUATION - Net Payment Terms.** Offers under an IFB that include net payment terms less than 30 days will be determined nonresponsive.

(4) **RFPs ONLY.**

(i) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or that reject the terms and conditions of the solicitation may be excluded from consideration.

(ii) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(c) **STANDARD INDUSTRIAL CLASSIFICATION (SIC) CODE AND SMALL BUSINESS SIZE STANDARD.** The SIC code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern that submits an offer in its own name, but which proposes to furnish an item that it did not itself manufacture, is 500 employees.

(d) **PERIOD FOR ACCEPTANCE OF OFFERS.** The offeror agrees to hold the prices in its offer firm for **100** calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(e) **PRODUCT SAMPLES.** When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(f) **MULTIPLE OFFERS.** Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(g) **LATE OFFERS.**

(1) **FOR IFBs.** See the LATE SUBMISSIONS, MODIFICATIONS, AND WITHDRAWALS OF BIDS provision in Addendum 1.

(2) **FOR RFPs.**

(i) Any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers will not be considered unless it is received before award is made and--

(A) It was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);

(B) It was sent by mail (or telegram or facsimile, if authorized) or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after receipt at the Government installation;

(C) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term **working days** excludes weekends and U.S. Federal holidays;

(D) It was transmitted through an electronic commerce method authorized by the solicitation and was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals;

(E) There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement; or

(F) It is the only proposal received.

L2.05-5 (CONT'D)

(ii) Any modification or revision of a proposal or response to request for information, including any final proposal revision, is subject to the same conditions as in subparagraphs (c)(3)(i)(A) through (c)(3)(i)(E) of this provision.

(iii) The only acceptable evidence to establish the date of mailing of a late proposal or modification or revision sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the proposal, response to a request for information, or modification or revision shall be processed as if mailed late. **Postmark** means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offeror or respondents should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(iv) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(v) The only acceptable evidence to establish the date of mailing of a late offer, modification or revision, or withdrawal sent by Express mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. **Postmark** has the same meaning as defined in paragraph (c)(3)(iii) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors or respondents should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(vi) Notwithstanding paragraph (c)(3)(i) of this provision, a late modification or revision of an otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(vii) Proposals may be withdrawn by written notice or telegram (including mailgram) received at any time before award. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the FACSIMILE PROPOSALS provision. Proposals may be withdrawn in person by an offeror or an authorized representative, if the representative's identity is made known and the representative signs a receipt for the proposal before award.

(viii) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume. If no time is specified in the solicitation, the time for receipt is **3:00**, local time for the designated Government office.

(h) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(i) Proposals submitted in response to this solicitation shall be in English and in U.S. dollars unless otherwise permitted by the solicitation.

(j) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(k) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(l) CONTRACT AWARD.

(1) RFPs ONLY (not applicable to IFBs).

(i) While the Government intends to evaluate offers and award a contract without discussions, it reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary.

(ii) The Government intends to evaluate proposals and award a contract after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

(iii) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(2) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, cost or price and other factors (including subfactors) specified elsewhere in this solicitation, considered.

(3) The Government may reject any or all offers if such action is in the Government's interest.

(4) The Government may waive informalities and minor irregularities in offers received.

(5) The Government may accept any item or group of items of a proposal, unless the offeror qualifies the proposal by specific limitations. Unless otherwise provided in the Schedule, proposals may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(6) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time specified in the offer shall result in a binding contract without further action by either party.

(7) The Government may disclose the following information in postaward debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;

(iii) A summary of the rationale for award; and

L2.05-5 (CONT'D)

(a) Any handcarried offer must be received at the depository indicated on the Standard Form (SF) 33 or SF 1449 of this solicitation by the date and time specified for receipt of offers. Evidence to establish the time of receipt at the Government installation is the time/date stamp of that installation on the solicitation wrapper or other documentary evidence of receipt maintained by the installation.

(b) Offers delivered by an express delivery service will be considered “handcarried.” Therefore, bidders/offerors that respond to this solicitation using an express delivery service must ensure that the express delivery service “handcarries” the offer to the depository indicated on the SF 33 or SF 1449.

(c) The term **express delivery service** does not include Express Mail delivered by the United States Postal Service. Express Mail will be considered “mail” under the LATE SUBMISSIONS, MODIFICATIONS, AND WITHDRAWALS OF BIDS provision or the Late Offers paragraph of the INSTRUCTIONS TO OFFERORS - COMMERCIAL ITEMS or INSTRUCTIONS TO OFFERORS - COMPETITIVE ACQUISITIONS provision.

M72 EVALUATION OF OFFERS (EXCEPTIONS/DEVIATIONS) (DESC APR 1997)

(a) Offerors are expected to submit offers in full compliance with all terms and conditions of this solicitation.

(b) Any exceptions/deviations to the terms and conditions of this solicitation will result in the Government's determination that

either--

(1) The exception/deviation is material enough to warrant rejection of the offer in part or in full; or

(2) The exception/deviation is acceptable.

(c) If the exception/deviation is in reference to a specification contained in this solicitation and the offeror cannot supply product fully meeting the required specification(s), the product can be offered for consideration provided the offeror clearly indicates, by attachment to the offer, the extent to which any product offered differs from the required specification(s).

(d) If the exception/deviation is in reference to a particular test, inspection, or testing method contained in this solicitation, the offer can be considered provided the offeror clearly indicates, by attachment to the offer, the extent to which its offer differs from those requirements.

(e) If the exception/deviation is determined acceptable, offered prices may be adjusted, for evaluation purposes only, by the Government's best estimate of the quantitative impact of the advantage or disadvantage to the Government that might result from making an award under those circumstances.

ADDENDUM #2**POSTAWARD CONTRACT CLAUSES****B19.02 ECONOMIC PRICE ADJUSTMENT (OVERSEAS) (DESC OCT 1993)**

The Contractor warrants that--

- (a) The unit prices set forth in this contract do not include any contingency allowance to cover the possibility of increases in the reference price(s) in the Contractor's offer; and
- (b) The prices to be invoiced hereunder for listed items shall be computed in accordance with these escalation provisions.

PART A - DEFINITIONS

As used throughout this clause--

- (a) The term **listed items** means the items of Section B of the Schedule that are listed in the Reference Price Tabulation in Part C of this clause and are the only items to which price adjustment shall apply, unless otherwise provided in the contract schedule.
- (b) The term **award price** means the unit price offered for an item and included in the contract award schedule.
- (c) The term **reference price** means the independent index or established price set forth in this clause with which the award price is to fluctuate. The reference price should be a price for the same or similar product(s) as the item being purchased.
- (d) The term **independent index** means an index measuring the general rate and direction of price movements for a commodity within a market which is beyond the control of the Contractor. Examples of such indices would include a wholesale price index such as published by the Bureau of Labor Statistics.
- (e) The term **established price** means one which (1) is an established catalog or market price for a commercial item sold in substantial quantities to the general public, and (2) meets the criteria of paragraph 15.804-3(c) of the Federal Acquisition Regulation. It is established in the usual and ordinary course of trade between the seller (which maintains it) and buyers who are free to bargain. It is a price included in a catalog, price list, Schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public. A commercial item is one that is regularly used for other than Government purposes and is sold or traded in the course of conducting normal business operations. Commercial items are sold to the general public when all of the following criteria are met: (1) Sales to the general public are not negligible in themselves and total 55% or more of all sales made; (2) 75% or more of those sales made to the general public are made at the established price. An item is sold to the general public if it is sold to other than affiliates of the seller for end use by other than the Government. Items sold to affiliates of the seller and sales for end use by the Government are not sales to the general public.
- (f) The term **date of delivery** means--
 - (1) The date and time vessel begins to load where the contract calls for delivery at origin into tanker or barge;
 - (2) The date and time vessel begins to discharge where the contract calls for delivery at destination by tanker or barge;
 - (3) The date and time product commences to move past the specified f.o.b. point where the contract calls for delivery by pipeline;
 - (4) The date product is received for all methods of delivery other than (1), (2), and (3) above.

PART B - PRICE ADJUSTMENTS

- (a) The Contractor shall notify the **Contracting Officer, Defense Energy Region – Europe (DER-E), Wiesbaden, Germany** of any change in the reference price by telegram dated (preferably confirmed promptly by letter), registered letter mailed, or unregistered letter received within 14 days from the date thereof.
 - (1) If the Contractor fails to give notice of any increase in reference price, such increase shall apply only to deliveries made on or after the date of receipt by the Contracting Officer of a written notification from the Contractor of such increase.
 - (2) If the Contractor fails to give notice of a decrease in the reference price, such decrease shall apply to all deliveries made on or after the date of such decrease.
- (b) The prices payable under this contract for listed items shall be the award price for the listed item increased or decreased by the amount, determined according to the formula in (c) below, that the reference price for the listed item shall have increased or decreased, to and including the date of delivery.
- (c) The amount of increase or decrease in the award price shall be--
 - (Check appropriate box and complete applicable blanks)
 - ☒ [X] the same number of cents, or fraction thereof, that the reference price increases or decreases per like unit of measure.

B19.02 (CONT'D)

☐ the number of cents, or fraction thereof, determined by the ratio of \$_____ per gallon for each \$_____ per barrel that the reference price increases or decreases.

☐ the number of cents, or fraction thereof, at the rate of \$_____ per gallon for each \$_____ per barrel that the reference price increases or decreases.

(d) If this clause requires quantity conversion for economic price adjustment purposes, the conversion factors for applicable products, as specified in the CONVERSION FACTORS clause, apply unless otherwise specified in the Schedule.

(e) The Contracting Officer will issue a modification to this contract to reflect any change pursuant to this clause. However, no modification incorporating an increase in a contract unit price shall be executed pursuant to this clause until the increase in the applicable reference price has been verified by the Contracting Officer.

(f) Notwithstanding any other provision of this clause, no upward adjustment shall apply to supplies that are required to be delivered prior to the effective date of the adjustment unless the Contractor's failure to deliver in accordance with the delivery schedule arises from causes beyond the control and without the fault or negligence of the Contractor within the meaning of the DEFAULT clause of this contract in which case the contract shall be amended to make an equitable extension of the delivery schedule.

(g) Notwithstanding any provision of this clause to the contrary, the prices payable under this contract shall in no event exceed either the lower of--

(1) The Contractor's posted or established selling price in effect on the date of delivery for the product supplied in the form of delivery made at the point of delivery, or

(2) The maximum prices shown in Column VII of the Reference Price Tabulation in Part C, in accordance with (h) below.

(h) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT.** The Contractor agrees that the total increase in any contract unit price shall not exceed 60 percent of the award price during the first program year or of the unit price in effect as of the start of any subsequent program year (if this is a long-term or multiyear program), except as provided hereafter:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for the item(s), the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If, in the absence of an agreement on a new ceiling, written notification is given to the Contracting Officer of an actual price change resulting in a contract unit price that exceeds the current ceiling, the Contractor shall have no further obligation under this contract to fill pending or future orders for the specific line item(s) in question as of the effective date of the increase, as long as the unit price exceeds the ceiling. If, however, notwithstanding the lack of agreement on a new ceiling, the Contracting Officer indicates in writing that the Government is prepared to purchase the line item(s) for an adjusted price that exceeds the current ceiling, the Contractor shall be obligated to continue to honor orders placed for the specific line item in question.

PART C - REFERENCE PRICES

(a) The reference price with which the award price for the listed item is to fluctuate (and which is more fully defined in the Reference Price Tabulation below) is--

☐ (1) The low price published in _____.
(name of publication)

☒ (2) The average of the prices published in Platt's Oilgram Price Report.
(name of publication)

☐ (3) The established price posted by _____.
(name of company)

and

published in _____.
(name of publication)

B19.02 (CONT'D)

(b) Where the reference price is an established price (see (a)(3) above), the Contractor warrants that the product selected is one for which, except for modification required by the specifications of this contract, the Contractor has an established price. Such price is the net price after applying any applicable standard trade discounts offered by the Contractor for his catalog, list, or schedule price. The Contractor further warrants that, as of the current date, any differences between the unit prices of the line items identified in the Schedule, and the Contractor's established price for like quantities of the nearest commercial equivalents of such contract items are due to compliance with contract specifications and to compliance with any requirements which this contract may contain for preservation, packaging, and packing beyond standard commercial practice.

(c) An increase or decrease in any reference price published in a trade price service or in a commercial journal shall apply only to deliveries made on or after the effective date of such trade price service or commercial journal.

(d) **DISCONTINUATION OR ALTERATION OF PUBLISHED REFERENCE PRICE.** In the event the reference price is an average of published or posted prices, and any one price ceases to be published or posted, or in the event the reference price is published in a trade price service or commercial journal and such publication ceases to publish said reference price or changes its method of quoting prices, the parties shall mutually agree upon an appropriate and comparable substitute for determining the price adjustment described herein. The contract shall be modified to reflect such substitute reference price effective on the date the prior reference price is discontinued or altered. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with the DISPUTES clause of the contract.

(b) MANDATORY SUBMISSION OF CONTRACTOR'S EFT INFORMATION.

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the payment office.

(c) **CONTRACTOR'S EFT INFORMATION.** Prior to submission of the first request for payment (whether for invoice or contract financing payment) under this contract, the Contractor shall provide the information required to make contract payment by EFT, as described in paragraph (d) of this clause, directly to the Government payment office named in this contract. If more than one payment office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the changed information to the designated payment office(s).

(1) The contract number to which this notice applies.

(2) The Contractor's name and remittance address, as stated in the contract, and account number at the Contractor's financial agent.

(ii) If the Contractor's financial agent is not directly online to the Federal Reserve Wire Transfer System and, therefore, not the receiver of the wire transfer payment, the Contractor shall also provide the name, address, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment.

(e) SUSPENSION OF PAYMENT.

(1) Notwithstanding the provisions of any other clause of this contract, the Government is not required to make any payment under this contract until after receipt, by the designated payment office, of the correct EFT payment information from the Contractor or a certificate submitted in accordance with paragraph (b) of this clause. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a valid invoice or contract financing request as defined in the PROMPT PAYMENT clause of this contract.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than the 30th day after its receipt to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the changed EFT information is implemented by the payment office. If such suspension would result in a late payment under the PROMPT PAYMENT clause of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(f) CONTRACTOR EFT ARRANGEMENTS. The Contractor shall designate a single financial agent capable of receiving and processing the electronic funds transfer under the EFT methods described in paragraph (d) of this clause. The Contractor shall pay all fees and charges for receipt and processing transfers.

(g) LIABILITY FOR UNCOMPLETED OR ERRONEOUS TRANSFERS.

(1) If an uncompleted or erroneous transfer occurs because the Government failed to use the Contractor provided EFT information in the correct manner, the Government remains responsible for (i) making a correct payment, (ii) paying any prompt payment penalty due, and (iii) recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because Contractor provided EFT information was incorrect at the time of Government release of the EFT payment transaction instruction to the Federal Reserve System, and

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously direct funds; or

(ii) If the funds remain under the control of the payment office, the Government retains the right to either make payment by mail or suspend the payment in accordance with paragraph (e) of this clause.

(h) EFT AND PROMPT PAYMENT.

(1) A payment shall be deemed to have been made in a timely manner in accordance with the PROMPT PAYMENT clause of this contract if, in the EFT payment transaction instruction given to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(2) When payment cannot be made by EFT because of incorrect EFT information provided by the Contractor, no interest penalty is due after the date of the uncompleted or erroneous payment transaction, provided that notice of the defective EFT information is issued to the Contractor within 7 days after the Government is notified of the defective EFT information.

(i) EFT AND ASSIGNMENT OF CLAIMS. If the Contractor assigns the proceeds of this contract as provided for in the ASSIGNMENT OF CLAIMS clause of this contract, the assignee shall provide the assignee EFT information required by paragraph (d) of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information which shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (e) of this clause.

(j) PAYMENT OFFICE DISCRETION. If the Contractor does not wish to receive payment by EFT methods for one or more payments, the Contractor may submit a request to the designated payment office to refrain from requiring EFT information or using the EFT payment method. The decision to grant the request is solely that of the Government.

(k) CHANGE OF EFT INFORMATION BY FINANCIAL AGENT. The Contractor agrees that the Contractor's financial agent may notify the Government of a change to the routing transit number, Contractor account number, or account type. The Government shall use the changed data in accordance with paragraph (e)(2) of this clause. The Contractor agrees that the information provided by the agent is deemed to be correct information as if it were provided by the Contractor. The Contractor agrees that the agent's notice of changed EFT data is deemed to be a request by the Contractor in accordance with paragraph (e)(2) that no further payments be made until the changed EFT information is implemented by the payment office.

I28.21 TAXES - FOREIGN FIXED-PRICE CONTRACTS (JAN 1991)

- (a) To the extent that this contract provides for furnishing supplies or performing services outside the United States, its possessions, and Puerto Rico, this clause applies in lieu of any Federal, State, and local taxes clause of the contract.
- (b) "Contract date," as used in this clause, means the date set for bid opening or, if this is a negotiated contract or a modification, the effective date of this contract or modification.
- "Country concerned," as used in this clause, means any country, other than the United States, its possessions, and Puerto Rico, in which expenditures under this contract are made.
- "Tax" and "taxes," as used in this clause, include fees and charges for doing business that are levied by the government of the country concerned or by its political subdivisions.
- "All applicable taxes and duties," as used in this clause, means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract, pursuant to written ruling or regulation in effect on the contract date.
- "After-imposed tax," as used in this clause, means any new or increased tax or duty, or tax that was exempted or excluded on the contract date but whose exemption was later revoked or reduced during the contract period, other than excepted tax, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.
- "After-relieved tax," as used in this clause, means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the contract date.

- (e) The contract price shall be decreased by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States shall be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government of the United States for such taxes. I28.21 (CONT'D)

(f) The contract price shall be decreased by the amount of any tax or duty, other than an excepted tax, that was included in the contract and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(i) The Contractor shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including interest or penalty, from which the United States Government, the Contractor, any subcontractor, or the transactions or property covered by this contract are exempt under the laws of the country concerned or its political subdivisions or which the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

The contract price shall be equitably adjusted to cover the costs of action taken by the Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

(FAR 52.229-6)

I33 INTEREST (JUN 1996)

(a) Except as otherwise provided in this contract under a PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA clause or a COST ACCOUNTING STANDARDS clause, all amounts that become payable by the Contractor to the Government under this contract (net of any applicable tax credit under the Internal Revenue Code (26 U.S.C. 1481)) shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount becomes due, as provided in paragraph (b) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(FAR 52.232-17)

THE FOLLOWING CLAUSE APPLIES TO UNRESTRICTED ITEMS ONLY AND, IF APPLICABLE, ANY TOTAL SET-ASIDE ITEMS.

I84 REQUIREMENTS (OCT 1995)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the ORDERING clause. Subject to any limitations in the ORDER LIMITATIONS clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the ORDERING clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

I84 (CONT'D)

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; PROVIDED, that the Contractor shall not be required to make any deliveries under this contract after **thirty days after expiration of the ordering period.**

(FAR 52.216-21)

I86.06 DELIVERY-ORDER LIMITATIONS (OVERSEAS PC&S) (DESC AUG 1990)

(a) **MINIMUM ORDER.** The Contractor shall not be obligated to furnish supplies and/or services under this contract in an amount less than the minimum established in the Schedule of a single item for delivery to a single delivery point. In the event the prices established under this contract vary based upon the liter quantity of an individual delivery, the Government reserves the right to withhold ordering, without prejudice, until the individual delivery quantity required reaches a level, as determined by the Ordering Officer, that minimizes the per liter cost to the Government.

(b) **MAXIMUM ORDER.** Unless otherwise stated in the Schedule, the Contractor shall not be obligated to honor--

(1) Any order for a single item for a single delivery point in excess of **15% of the estimated two-year requirement;**

(2) Any order for a combination of items for a single delivery point in excess of **15% of the total estimated two-year requirement of all items;** or

(3) A series of orders from the same ordering office in the course of seven days that together call for quantities of items that total in excess of the limitation provided in (1) or (2) above.

(c) The Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum order limitations in (b) above.

(d) Notwithstanding the foregoing, the Contractor shall honor any order exceeding the maximum order limitations set forth above unless the Contractor verbally notifies the Ordering Officer within two workdays after verbal notification of an order or two workdays after receipt of a written order, followed by the return of the written orders to the ordering office, that he does not intend to make shipment of the items called for and the reasons therefor. When the Government has received this verbal notice, the Government may acquire the supplies from another source.

(DESC 52.216-9F09)

I179 ALLOCATION (DESC JUL 1995)

(a) **REDUCED SUPPLIES.** If, for any cause beyond the control and without the fault or negligence of the Contractor, the total supply of crude oil and/or refined petroleum product is reduced below the level that would have otherwise been available to the Contractor, the Contractor allocates to its regular customers its remaining available supplies of crude oil or product, then the Contractor may also allocate to the U.S. Government supplies to be delivered under this contract, PROVIDED--

(1) Prompt notice of and evidence substantiating the necessity to allocate and describing the allocation rate for all the Contractor's customers are submitted to the Contracting Officer;

(2) Allocation among the Contractor's regular customers is made on a fair and reasonable basis (except where allocation on a different basis is required by a governmental authority, agency, or instrumentality); and

(3) Reduction of the quantity of product due the Government under this contract shall not exceed the pro rata amount by which the Contractor reduces delivery to its other customers similarly situated.

(b) **ADDITIONAL SUPPLIES.** If, after the event causing the shortage of crude oil and/or refined petroleum product as described in (a) above, additional supply becomes available to the Contractor, the Contracting Officer may choose any one of the following three possible courses of action:

(1) Accept an updated pro rata reduction as outlined in (a) above;

(2) Determine that continuance of the contract with the quantities as originally stated in the Schedule is in the best interests of the Government; or

I179 (CONT'D)

(3) Terminate the contract as permitted in (d) below.

(c) **REDUCED DELIVERIES.** If the Contractor believes that a law, regulation, or order of a foreign government requires the Contractor to deliver less than the quantity set forth in the Schedule for any location within that country, the Contractor may request allocation in accordance with (a) above. In addition to the criteria in (a) above, the Contractor's request shall cite--

- (1) The law, regulation, or order, furnishing copies of the same;
- (2) The authority under which it is imposed; and
- (3) The nature of the Government's waiver, exception, and enforcement procedure.--

The Contracting Officer will promptly review the matter and advise the Contractor whether or not the need to allocate has been substantiated. If the law, regulation, or order requiring the Contractor to reduce deliveries ceases to be effective, the Contractor shall resume deliveries in accordance with the original Schedule.

(d) If, as a result of reduced deliveries permitted by (a), (b), or (c) above, the Contracting Officer decides that continuation of this contract is no longer in the best interests of the Government, the Government may terminate this contract or any quantity thereunder, by written notice, at no cost to the Government. However, the Government shall not be relieved of its obligation to pay for supplies actually delivered to and accepted by it.

(e) Except as otherwise stated in (b) above, any volumes omitted pursuant to (a) or (b) above shall be deleted from this contract, and the Contractor shall have no continuing obligation, so far as this contract is concerned, to make up such omitted supplies.

(f) For Posts, Camps, and Stations contracts, Department of Energy priority orders and allocation regulations will take precedence over any conflicting provisions of this clause.

(g) For Bulk Fuels contracts, the provisions contained in (a) above shall be inoperative when the Secretary of Defense makes a written determination that it is essential to the National Defense that the Defense Fuel Supply Center be provided contract volumes exceeding the amount of product to which it would otherwise be entitled.

(DESC 52.249-9F01)

I186 PROTECTION OF GOVERNMENT PROPERTY AND SPILL PREVENTION (DESC MAY 1978)

(a) The Contractor shall use reasonable care to avoid damaging or contaminating existing buildings, equipment, asphalt pavement, soil, or vegetation (such as trees, shrubs, and grass) on the Government installation. If the Contractor fails to use reasonable care and damages or contaminates any such buildings, equipment, asphalt pavement, soil or vegetation, or other Government facilities, he shall replace the damaged items or repair the damage at no expense to the Government and to the satisfaction of the Government. Further, if, as a result of the failure of the Contractor to comply with the requirements of this contract, Government buildings, equipment, asphalt pavement, soil or vegetation, or other Government facilities become damaged or destroyed, the Contractor shall replace or repair the damage at no expense to the Government, and to the satisfaction of the Government. Should the Contractor fail or refuse to make such repairs or replacements, the Government may have the said repairs or replacement accomplished, and the Contractor shall be liable for the cost thereof which may be deducted from the amounts which become due under this contract. Informal agreement with the Contractor upon replacement, repairs, or costs to be deducted shall first be attempted by the Installation Commander or Ordering Officer. If disagreement persists, the matter shall be referred to the Contracting Officer. Unless approved by the Contracting Officer, no costs shall be deducted from amounts due or owing without the Contractor's consent.

(b) The Contractor shall take all measures as required by law to prevent oil spills (including, but not limited to, any spilling, leaking, pumping, pouring, emitting, emptying or dumping into or onto any land or water). In the event the Contractor spills any oil (including, but not limited to, gasoline, diesel fuel, fuel oil, or jet fuel), the Contractor shall be responsible for the containment, cleanup, and disposal of the oil spilled. Should the Contractor fail or refuse to take the appropriate containment, cleanup, and disposal actions, the Government may do so itself. The Contractor shall reimburse the Government for all expenses incurred including fines levied by Federal, State, or local Governments.

I190.04 MATERIAL SAFETY DATA SHEETS -- COMMERCIAL ITEMS (DESC MAR 1996)

(a) The apparently successful offeror agrees to submit, for each item prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all items to be delivered under this contract. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(b) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (a) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

I190.04 (CONT'D)

(c) The Contractor shall submit MSDSs to the Contracting Officer. MSDSs must cite the solicitation number, the applicable CAGE code of the manufacturer, and, where so identified, the National Stock Number (NSN).

(d) The offeror need not submit a duplicate MSDS for a product for which the offeror has submitted an MSDS within the past five years. The MSDS of record must fully comply with the latest revision of FED-STD-313, and the data on the MSDS must still be current and complete. Should the description/composition of the product offered differ in any area specified on a previously submitted MSDS, a new MSDS is required.

I209.09 EXTENSION PROVISIONS (PC&S) (DESC OCT 1994)

(a) The DESC Contracting Officer reserves the right to unilaterally extend this contract on the same terms and conditions one or more times for a total of no more than six months. Notice of contract extension will be furnished to the Contractor 30 days prior to expiration of this contract or any extension thereof. However, nothing in this clause precludes the Contractor from agreeing to an extension of the contract if the DESC Contracting Officer fails to issue the notice within the 30 day time frame.

(b) The foregoing extension may be exercised by the DESC Contracting Officer where continued performance is required until a follow-on contract is awarded or, in the event a follow-on contract has been awarded, until a succeeding Contractor is positioned to commence performance.

(c) Extension of this contract shall be considered to have been accomplished at the time the DESC Contracting Officer provides written notification to the Contractor by facsimile or by mail.

I211 ORDERING (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from 01 July 1999 through 30 June 2001.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally by facsimile, or by electronic commerce methods only if authorized in the Schedule.

I229 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT (JUL 1995)

(a) Except as provided in (b) below, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial items, the prohibition in paragraph (a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial item(s).

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract that exceed \$100,000.
